Help us to develop professional management and leadership skills in Northamptonshire in 2010.

Make your Pledge for a better managed Britain at www.managers.org.uk/manifesto

Fewer than than 25% of managers hold a management qualification!

Make a New Year's resolution and join the CMI and Northampton College in their manifesto for a better-managed Britain.

The Chartered Management Institute and Northampton College are passionate about ensuring that managers and leaders are recognised for their professionalism and their roles in creating high performing organisations.

It is essential that all managers possess the right skills and resources to make a tangible difference and this is where we can help you.

the **businesscentre**

The government has pledged to make the development of effective managers and leaders a national priority and Northampton College is delighted to be supporting this initiative by pledging to develop professional management and leadership skills in Northamptonshire.

The Chartered Management Institute in conjunction with Northampton College is offering the complete range of nationally recognised professional qualifications in Management and Leadership, from Strategic Management and Board level to Supervisory and First-Line Management.

All our provision can be tailored to suit the needs of any business or individual by offering a range of short term fast track courses, professional management courses, higher skills programmes, bespoke training packages and 1 to 1 coaching.

Experienced managers can enhance their career prospects by being awarded Chartered Manager status.

Discover more about:

- Leadership
- Teams
- Personal Development
- Management of people, information and resources
- Customers & Stakeholders
- Strategy & Vision
- Motivation
- Performance Management
- Continuous Improvement

Courses start in February 2010 and various dates throughout the year. If you're interested in gaining a nationally recognised CMI qualification please contact us.
