

# Hairdressing

PRICELIST

# The Salon NC

Our hairdressing and beauty therapy training salons are pleased to welcome new clients to help our students achieve the practical element of their qualifications.

They use the latest techniques and quality products under the watchful eyes of professional tutors. While it may take longer than in a normal salon, you will experience a professional service. Please take these factors into account when booking your appointment and making parking arrangements.

As we are a training college, appointments sometimes have to be cancelled at short notice. This could be due to student absence or because the specified treatment is no longer required for student assessment.

Due to insurance restrictions, children under the age of 16 years old are not permitted in the salons.

A skin test is compulsory each academic year at least 48 hours prior to all hair colouring treatments.

All payments are taken prior to treatments.

# Hairdressing pricelist
