Northampton College | ICT Helpdesk

Internet required | Phone required | Essential Setup

Connect your phone to WiFi

1 Install the geteduroam app on your phone:

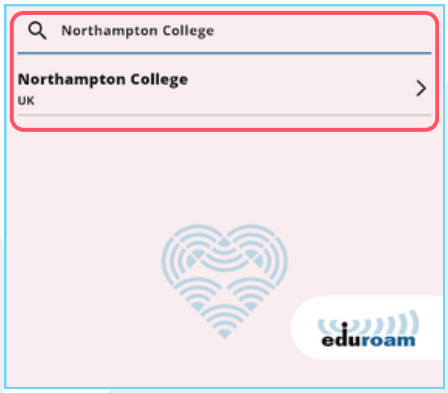

Scan the QR code to go to your phone's app store download page.

or

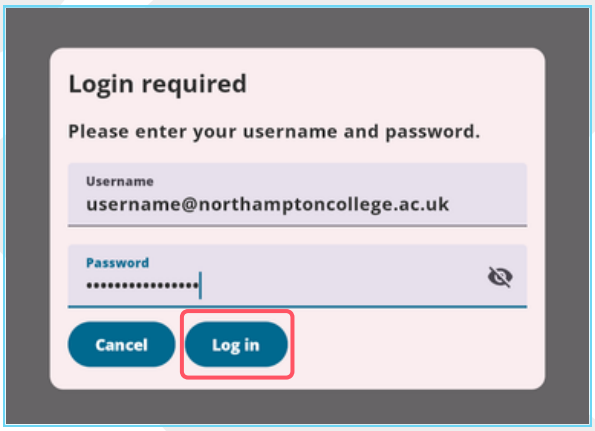

Search 'geteduroam' in your app store.

Download on the App Store | GET IT ON Google Play

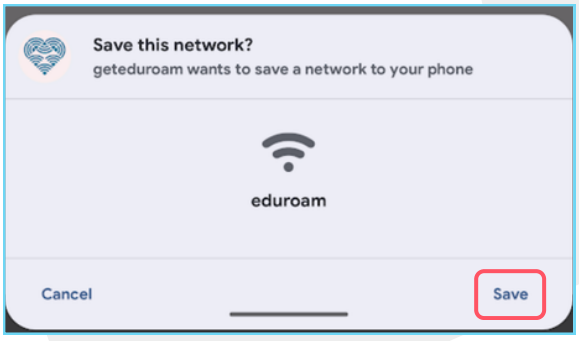

2 In the geteduroam app, search and select **Northampton College**.

3 Enter your college email address and password into the pop up and press **Log in**.

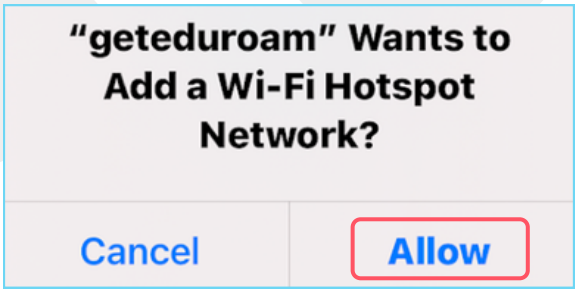

4 On an **Android phone** press **Save** and **Join**, if required.

or

On an **iPhone** press **Allow** and **Join**, if required.

Your phone is now connected to WiFi.

Important note: If you change your password, follow this guide again to re-connect to WiFi.
