Northampton College | ICT Helpdesk

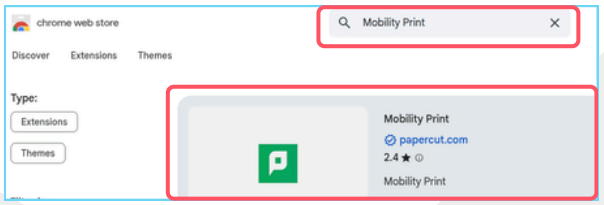

eduroam required | Computer required | Advanced Setup

Setup printing on personal Chromebook

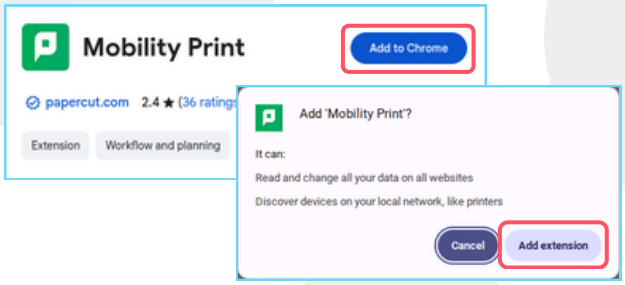

1. On your Chromebook, in the Chrome app go to the website https://chromewebstore.google.com.

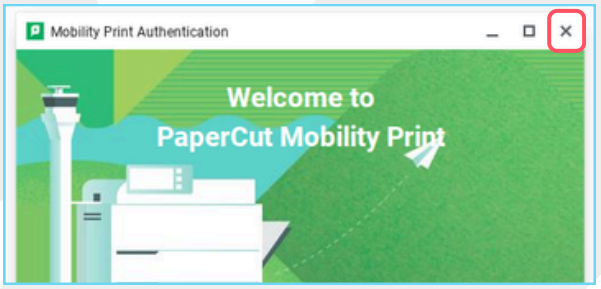

2. In the top centre search box of the page that loads, search **Mobility print** and select **Mobility Print** in the search results below.

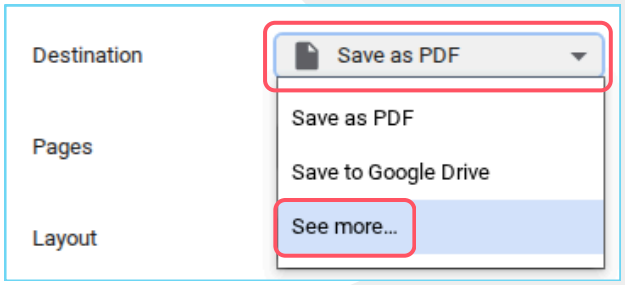

3. Click **Add to Chrome**, then **Add extension** in the pop up.

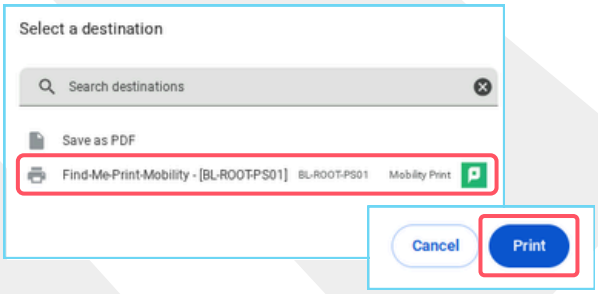

4. Once the extension has been added, close the confirmation box that opens.

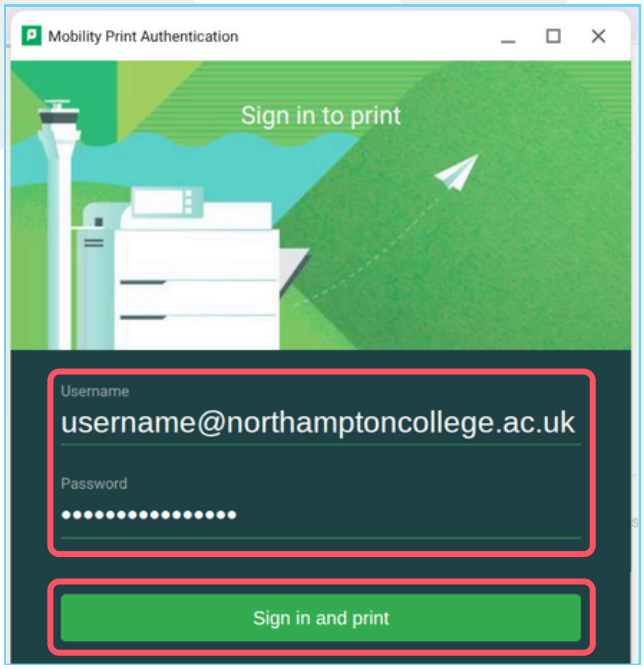

5. Open a file on your Chromebook you wish to print and go to the print option. In the destination box which may have **Save as PDF** selected, click the box and choose **See more...**.

6. In the menu that opens choose **Find-Me-Print-Mobility** from the list, then click **Print**.

7. In the 'Sign in to print' pop up enter your Northampton College sign in details and press **Sign in and print**.
