1. INTRODUCTION

Northampton College is committed to providing high quality printing facilities for students in the most cost-effective manner. A print monitoring system has been in place on classroom and Library printers for several years and the college will now use it to charge students for excessive printing. The aim is to cover the cost of additional printing, and this should result in an overall decrease in printing costs and less wastage.

2. RESPONSIBILITY

Deputy Principal – Finance and Corporate Affairs.

3. SCOPE

All Students

4. POLICY STATEMENT

To monitor and control student printing to ensure compliance and sustainability.

5. THE PROCEDURE

Student printing will be monitored and controlled by an appropriate professional system.

All students will be allocated an initial allowance of £20 each academic year, no matter how many courses they sign up for.

Duplex will count the same as two single sided pages.

Students may purchase additional credits (top-ups). These top-ups will be added on payment of the appropriate fee to the staff at any Digital & Academic Resource Centre at any site. Bursary students are exempt from any charges for top-ups for additional credits.

No refunds to be given if the student has added credit and not used it.

A special account will be used when taking formal exams so it will not affect the student allowance.

Exceptions can be made for special circumstances with proper justification if required (to be determined by a Vice Principal or above).

6. REPORTING

In case of student non-compliance or abuse of printing, this will be reported to respective curriculum manager.

7. ASSOCIATED POLICES

- ICT Acceptable Use Policies
- ICT Staff Print Management Policy

8. APPROVAL PROCESS
