REVEALING OUR NEW SIXTH FORM CENTRE AT BOOTH LANE
BRIDGING THE GAP BETWEEN SCHOOL AND UNIVERSITY
Revealing our new Sixth Form Centre

The Sixth Form Centre at Booth Lane is designed to provide students aged 16-18 with an enriching and challenging academic experience.

Our curriculum is carefully designed to develop your knowledge, skills, and ensure you gain qualifications necessary for successful progression into higher education, apprenticeships or future careers.

With inspirational guidance and support, we encourage you to aim high and pursue your aspirations.
More choice, more flexibility and more independence

As you embark on your A Level journey with us, we are committed to supporting you in achieving the highest level of qualification possible. You will be able to enjoy all the benefits of a larger learning organisation with outstanding buildings and resources coupled with personalised support to give you the very best environment in which to flourish and reach your potential.

Our primary goal is to teach students the necessary knowledge, skills, and understanding to excel in their chosen academic subjects. We provide a supportive and nurturing environment that empowers students to believe in themselves and their abilities.

Our Sixth Form Centre bridges the gap between school and university and allows you to take the next steps on your academic journey.

Our A Level Study Programmes are designed to nurture your intellectual curiosity, support your personal growth, and empower you to excel in your academic pursuits. Whether you aspire to enter higher education or pursue a career directly, our comprehensive and flexible approach will help you realise your full potential.

Join us on this exciting educational journey, and together, we will shape a bright and successful future.

Pat Brennan-Barrett OBE
CEO and Principal, Northampton College
M.A. SEN, P.G.C.E. Dip SpLD
When you join our Sixth Form Centre, you will start a journey towards fulfilling your aspirations.

Our teachers are trained to spot the potential in every student, and they work tirelessly to encourage and inspire you so that you can shine.

We have high expectations of all our students and will support you to achieve the highest grades possible on your A Level programme.

Not only will you be set challenging targets but you will be stretched to the best of your ability throughout your time in college.

We will provide you with opportunities to take on extra studies, to develop your knowledge and understanding as broadly as possible, and to gain new skills that will prepare you for university and help your future career development. Good employability skills will be key to your future success.
WHY CHOOSE NORTHAMPTON COLLEGE SIXTH FORM CENTRE?

01 High quality teaching - Our highly qualified teaching staff have lots of industry experience, so you can learn the skills employers need.

02 Top class facilities - We have the latest technology, well-equipped learning resources and an award-winning Digital and Academic Resources Centre.

03 Dedicated support – Smaller group sizes means that teachers have more time to help you and support with progression to higher level academic study.

04 A fresh start - College is an exciting chance to meet new people and develop new interests.

05 Help is always on hand - Our Student Services and Learning Support teams are here to support you with any academic, or financial issues.

06 Safe and welcoming - Choosing to study with us means you’ll be joining a supportive, self-contained community.

07 Be work ready - All students aged 16-18 enrolled on an A Level programme will be loaned a Chromebook when they start their studies with us.

08 Help with your future plans - Our Futures team is here to support students with plans for their future, whether you want help with study options, university preparation or career choices.

09 Enjoy enrichment - You will love our Enrichment Programme designed to support you in accessing a range of additional activities outside of the classroom.

10 Make new friends - Unlike a school sixth form, you’ll meet students from all walks of life and be treated like an adult, with independent study periods and the chance to plan your own learning.
A LEVEL STUDY PROGRAMME

IF YOU ARE AGED 16-18, YOU WILL JOIN A STUDY PROGRAMME.

Throughout the programme, you will engage in three core A Level subjects, each receiving 4.5 hours of delivery per week, spread over three 1.5-hour sessions. This model ensures maximum regular contact with each subject, enabling a deep understanding of the course material and encouraging active participation in class discussions.

Your academic progress will be complemented by an additional 1.5 hours per week dedicated to interpersonal/soft and green skills. This time will be devoted to nurturing essential life skills and building your confidence, allowing you to excel not only academically but also in your personal development.

Self-study is an integral part of the A Level experience, providing you with 4.5 hours per week to delve into the subjects’ content independently. This self-directed learning approach fosters critical thinking, time management, and problem-solving skills, equipping you for the demands of higher education and beyond.

As part of the programme, you will gain invaluable insights into various industries by taking part in work experience or by hearing from visiting speakers and professional institutions when they come into college. You’ll also have the opportunity take part in masterclasses, workshops and university visits.

In addition to the core components, we also offer a Gifted and Talented programme and the Extended Project, available to Year 13/Upper Sixth students. These initiatives are designed to challenge and stimulate, offering opportunities for advanced research and exploration within your chosen subjects.
ENTRY REQUIREMENTS

The required point score to join our A Level programme is 4.25 across all your GCSEs. This must include a minimum of 5 grade 5s or above including a grade 5 or above in English Language and Maths, with a grade 6 in another written subject desirable. An average point score will be calculated across your GCSE grades.

A BTEC qualification at Merit grade, or above, in a related subject may also be considered in exceptional circumstances.

Some subjects require specific additional entry requirements as shown in the course descriptors on our website.

All applicants will be invited for interview.

YOUR CHOICE OF A LEVEL SUBJECTS

Our Sixth Form Centre will enable you to progress on to higher education and will include work experience, enterprise and study skills development.

Your subject choices should reflect your study interests, academic strengths, and long-term higher education and career intentions.

A Levels are two-year courses, and all students must select three A Levels from the range of subjects below:

- English Literature
- English Language
- History
- Politics
- Psychology
- Law
- Business
- Media
- Sociology
- Environmental Science
- Economics
- Criminology (Diploma)
- Art

You can speak to a Futures adviser if you would like in-depth advice and guidance tailored to your needs. This could be about course or career options, university or anything else related to your progression. Futures advisers will support you to explore the full range of options available to you.
FACILITIES AT BOOTH LANE

We believe the environment in which you learn is vitally important and are proud to offer students in Northamptonshire the opportunity to continue their education in state-of-the-art facilities.
The Sixth Form Centre at Booth Lane benefits from a dedicated study centre on campus. Our studios, workshops and classrooms are kitted out with the latest equipment and there’s plenty of space to try out your ideas and fulfil your assignments.

At the heart of the campus is a circular-shaped Digital and Academic Resources Centre with separate study areas and computer suites. The Digital and Academic Resources Centre provides extensive and effective support to all students, and our state-of-the-art facilities, easily accessible resources in various formats and highly experienced staff help students to develop their knowledge, skills, talents and intelligence in innovative and creative ways.

The courtyard at Booth Lane provides the perfect place to hang out with friends, with its own amphitheatre and green space.

Nearby is The Lookout and Lookout Express, where you can grab a bite to eat, mingle and get to know fellow students from different parts of the College.

If you’re feeling active, check out our gym – a great place to work out and, best of all, it’s completely free.

UNIVERSITY LINKS

The College has an extensive Careers programme that is tailored to the needs of our students. The Futures team has information on next steps, and you will have access to a careers and higher education library. Futures can also help you apply to university, write your UCAS personal statement, understand student finance and perfect your interview skills.
ENRICHMENT

Sociable and supportive, fun and enterprising – Northampton College has everything you could wish for while studying with us.

EVENTS

Our students are invited to not just attend events, but also to plan them and to choose charitable causes to support.

In recent years, students have organised everything from music gigs and outdoor festivals to dances and celebrations, raising money for causes that have included Children in Need, Sport Relief, Macmillan and many more.

THE STUDENTS’ UNION

The Northampton College Students’ Union (NCSU) represents the views, interests and welfare of all our students and gets involved in many fund-raising activities, events, student conferences and more.

The Students’ Union works with the Student Parliament and College staff and runs regular meetings so students can have their say and influence change throughout the College to make student life better.

STUDENT PARLIAMENT

The Student Parliament is made up of representatives from across the student population and there are a wide range of opportunities available. We encourage students to develop and practice leadership skills in preparation for the challenges of today’s world. Student voice and feedback are very important features of our communications strategy.

SPORTS

Whatever your skill level we have a range of clubs open to all, including archery, badminton, basketball, boxing, cricket, dodgeball, football, softball, table tennis, tennis, Ultimate Frisbee, volleyball, yoga and Zumba.
TRIPS

We organise a range of trips every year as part of our college enrichment programme which means you can have a great day out with friends for a discounted price.

Yearly trips include:

- Alton Towers
- Warner Brothers Studios
- Football stadium tour
- Ice skating
- Thorpe Park

ACTIVITIES

Get involved and make the most of our clubs and enrichment activities. To whet your appetite, here are just a few on offer:

- Yoga
- Car maintenance
- Singing lessons
- Book club
- Sign language
- Chess
- Guitar lessons
- Drumming lessons
ADMISSIONS PROCESS

We recommend that you attend one of our exciting open events so that you can look around the department, the College and meet the tutors. You are welcome to do this before or after you apply online.

These events ensure students, and their families see the best of what the College has to offer such as our inspirational teaching areas, teachers, library facilities and places to eat.

Once you have applied, our experienced Enrolment team will consider your application carefully. All applicants will be invited for interview. We will let you know, by email, if the College would like to make you a conditional offer based on your interview and meeting the specified entry requirements.

If your predicted grades or career aims suggest that an alternative subject area or course level would be more appropriate for you at this stage, we will contact you either by telephone, email or text. If you have told us that you have some additional support needs, we will contact you to find out more so that we can help you.

Disclaimer
All proposed A Level courses are dependent on a viable number of students opting for them. Decisions about the viability of courses and responses to viability issues lie solely with Northampton College.
